SOUTH CARIBOO AREA ZONING BYLAW

1.0 INTRODUCTION

1.1 THE PURPOSE

The purpose of this zoning bylaw is to establish land use regulations for the South Cariboo Planning Area consistent with the existing official community plans and settlement plan policies relevant to specific portions of this area.

1.2 BACKGROUND

The South Cariboo Planning Area contains all of Electoral Areas G, H and L in the Cariboo Regional District. Electoral Area G includes the 93 Mile Loop Road area, the 108 Mile Ranch area, and the Lac La Hache area. Electoral Area H includes Buffalo Creek, Forest Grove, Eagle Creek, Canim and Mahood Lakes areas extending into Wells Gray Provincial Park. Electoral Area L includes the Horse Lake and Green Lake areas, Lone Butte, and the Sheridan, Bridge, Deka and Sulphurous Lakes areas.

The Background Study: Review of Bylaw No. 1000, 1980 (Part 1) was completed early in 1997 as background to this zoning bylaw. This background study provided recommendations to replace Bylaw No. 1000 with a series of new zoning bylaws and rural land use bylaws, based on subregional areas, including the establishment of a separate and independent zoning bylaw for what is herein referred to as the South Cariboo Planning Area. The specific recommendation particular to this area, is as follows:

"1.2.8 It is recommended that the South Cariboo Area / Lac La Hache Area / Interlakes Area Zoning Bylaw be established to include all of Electoral Areas G, H and L, including the limits of the South Cariboo Area, Lac La Hache Area, and the Interlakes Area official community / settlement plans. A new zoning bylaw is recommended for this area because of the extent of existing official community plan coverage, and, therefore, to better comply with those policies. It is also recommended to address the strong growth pressures that have been encountered in these areas, and thereby to better address the more complex growth and development related issues."

The decision to proceed with an independent zoning bylaw was therefore based on the desire to better recognize and implement the different land use policies in this area, and to establish appropriate land use regulations and prohibitions in an area of strong growth pressure with complex growth and development-related issues.

2.0 GENERAL

2.1 BASIC PROVISIONS

2.1.1 Within the South Cariboo Planning Area, no person shall:

- (a) use any land, buildings or structures;
- (b) commence any construction to erect, move, enlarge or structurally alter any building or structure; or
- (c) create a lot by subdivision under the Land Title Act or Strata Property Act; except as permitted by:
 - i) these regulations;
 - ii) these regulations as varied by a Development Variance Permit issued by the Regional Board of Directors pursuant to Section 922 of the Local Government Act;
 - iii) these regulations as varied by order of a Board of Variance pursuant to Sections 901 and 902 of the Local Government Act;
 - iv) Section 911 of the Local Government Act respecting non-conforming uses;
 - v) with respect to subdivision, Section 946 [Residence for a Relative] or Section 943 [Bylaws Adopted After Application] of the Local Government Act.

B/L 4180

B/L 4180 2.1.2 No provisions in these regulations shall be construed to replace, or remove the need for approvals under any other act or regulation, notably the Agricultural Land Commission Act, Forest Land Reserve Act; Health Act, Environmental Management Act, Water Act, Forest Act, Land Act, Community Care and Assisted Living Act, Food Safety Act, and Indian Act. Further, Ministry of Transportation approval shall be required pursuant to Section 54 of the Highway Act for any development within 800 metres of a Controlled Access Highway.

2.1.3 Uses existing at the date of adoption of this bylaw may be zoned to recognise existing and long standing uses, particularly for areas not subject to the policies of an Official Community Plan, or otherwise to recognise existing lot area.

2.1.4 Metric units are used for all measurements in this bylaw. The approximate equivalent of metric units in feet, square feet and acres are included for convenience only and do not form part of this bylaw.

2.1.5 Applications to amend this bylaw should be evaluated in relation to the goals, objectives and policy guidelines of the South Cariboo Area and Lac La Hache Area Official Community Plans, as well as the Interlakes official settlement plan, and with reference to:

- (a) compatibility and the degree of potential land use conflict between the proposed use and nearby existing uses;
- (b) the ability to provide the necessary servicing, including the provision of adequate water supply and on-site sewage disposal;
- (c) environmental impact;

- (d) traffic and access, especially where a controlled access highway is involved;
- (e) comments and approvals required by other jurisdictions; and
- (f) public input received from the required public hearing.

2.1.6 To minimize the need for the use of "restrictive covenants" in special case situations, "special zones" may be established to include uses not otherwise permitted in a particular zone, to exclude uses that would otherwise be permitted, or to vary the applicable zone provisions for a particular lot or group of lots, as deemed necessary.

B/L 4180 2.1.7 Pursuant to Section 920 of the Local Government Act, setback and height variances may be approved by the Regional District on a Development Permit where community plan objectives for the form and character of commercial, industrial and multi-family developments can be achieved.

B/L 4180 2.1.8 Any railway rights-of-way and sidings not being used by a registered railroad company for rail purposes shall be zoned Rural 3 (RR 3).

2.2 ADMINISTRATION AND ENFORCEMENT

B/L 4180 2.2.1 The Bylaw Enforcement Officer appointed by the Cariboo Regional District Board of Directors is hereby authorized pursuant to Section 268 of the *Local Government Act* to enter, at all reasonable times, on any property including land and improvements, that is subject to this bylaw to ascertain whether the requirements of this bylaw are being met or the regulations and prohibitions under this bylaw are being observed.

2.2.2 A Building Inspector for or on behalf of the Cariboo Regional District, where applicable, shall not issue any permit except in accordance with these regulations.

2.2.3 Any owner or occupier of land who contravenes, or who suffers or permits any contravention of any provision of these regulations shall be guilty of an offense, and shall be liable to the penalties herein imposed.

2.2.4 Any person who is guilty of an offense against these regulations may, upon summary conviction, be liable to a penalty or fine of not more than ten thousand dollars (\$10,000). Each day or part thereof during which any contravention is continued shall constitute a new and separate offense.

3.0 INTERPRETATION AND DEFINITIONS

- 3.1 All words and phrases in these regulations shall have their normal or common meaning, or as defined by Provincial Statute, except that the definitions specified in Section 3.3 shall apply. Reference to a "zone" or "zone symbol" are as established in Section 5.
- 3.2 The precise boundaries for each zone shall be deemed to:
- (a) follow the boundary of a lot; or
 - (b) in the case of a stream or river, or road allowance or other right-of-way, follow the centre line of such; or
 - (c) in the case of a lake or pond or similar standing body of water, follow the natural boundary of such, except where none of the above apply, and where the lot line is below the natural boundary, in which case the boundary shall follow the lot boundary. Notwithstanding this provision, where improvements such as docks, wharfs or marine platforms have been placed on Crown land beyond the natural boundary or the lot boundary, for the purposes of this bylaw, the zone boundary shall be deemed to extend beyond the natural boundary into the lake or pond or similar body of water to encompass the area where the said improvements have been placed; or
 - (d) be as outlined in Schedule D: Map Appendices - For Multiple Zones, where applicable; or
 - (e) follow the South Cariboo Planning Area boundaries as generally outlined in Schedule B: South Cariboo Area Zoning Bylaw.

Notwithstanding the above, where a zone boundary does not follow a legally defined line, and where distances are not specifically indicated, the location of the boundary shall be determined by scaling or distance measurement from the Map Appendices, where applicable.

- 3.3 In this bylaw, unless the context requires otherwise, the following definitions and interpretations shall apply:

(b) The following uses are permitted throughout all zones applicable to the bylaw area:

- i) public parks, playgrounds and trails
- ii) a public use, excluding a public garage or public storage yard
- iii) a public utility

4.2 LAKE/WATERCOURSE SETBACK PROVISIONS

Notwithstanding any other provisions of this bylaw, no building or any part thereof shall be constructed, reconstructed, moved or extended, except a fence, dock, boat launching facility, or waterworks facility, so that the building is located:

(a) within 7.6 metres (24.93 feet) of the natural boundary of a lake;

(b) within 30 metres (98.43 feet) of the natural boundary of a watercourse;

B/L 4180

(c) on ground surface or the underside of the floor system of any building or part thereof, less than 0.6 metre (1.97 feet) above the two hundred year flood level where it has been determined, or, where it has not been determined:

- i) 1.5 metres (4.92 feet) above the natural boundary of a lake 15 kilometres or less in length, or Lac La Hache; or
- ii) 3 metres (9.84 feet) above the natural boundary of a watercourse or Green Lake, Canim Lake and Mahood Lake.

The required elevation may be achieved by structural elevation of the building, or by adequately compacted landfill in which any building is to be constructed or located, or by a combination of structural elevation or landfill. Where landfill is used to achieve the required elevations, no openings shall be located below the required elevations and the face of the landfill slope shall be adequately protected against erosion from floodwaters.

(d) Clauses (a), (b) and (c) shall not apply to the renovation or alteration of a lawfully existing building that does not involve an addition thereto.

- (e) Notwithstanding the provisions of clause (b) above, the setback requirement for a watercourse may be reduced to a minimum of 15 metres (49.21 feet) where it can be demonstrated that on-ground surface is a minimum of 6 metres (19.69 feet) above the natural boundary of the watercourse.

4.3 SENSITIVE / HAZARDOUS AREAS

Lands which include the symbol (S) in brackets following the parent zone symbol serve to identify that the lands may be subject to sensitive / hazardous conditions, including susceptibility to flood hazard, erosion, slope instability or landslide hazard. These areas include existing or active landslide areas, as well as areas not displaying obvious signs of instability but may increase the risk of instability following expansion of present landslides, the inclusion of additional dwellings into the area and requisite vegetation removal, or significant changes in groundwater conditions.

No new development shall take place in the sensitive / hazardous areas, including the subdivision of land or the construction of buildings or structures or additions thereto, unless a site specific engineering investigation concludes that the site is safe for development, or where it has been determined that there is sufficient lot area and building area outside of the sensitive/hazardous area.

The site specific investigation shall be in the form of a certified report of a professional engineer who is an expert in the field and shall provide information regarding the nature of the soils and slope of the site, any other terrain or geological constraints pertinent to the development proposal, and, where applicable, a recommendation for appropriate lot sizes and uses based on the degree of risk involved in locating buildings and structures on the site.

4.4 VISIBILITY

No person shall, within any sight triangle area, park a motor vehicle, or place or permit to be placed or grow any tree, shrub, plant, fence or other structure so as to create an obstruction to the field of vision between the heights of 1 metre (3.28 feet) and 3 metres (9.84 feet) above the natural grade of any highway.

4.5 MULTIPLE USES AND ZONES

- (a) Where any land, building or structure is used for more than one purpose, the applicable provisions of this bylaw which serve to regulate each use shall be complied with.
- (b) Where a lot is divided into more than one zone under the provisions of this bylaw, each such portion of the said lot shall be used in accordance with the Uses Permitted and Zone Provisions of this bylaw for that portion of the lot.

4.6 EXISTING LOT OF RECORD

Notwithstanding any other provisions of this bylaw to the contrary, where a lot, having a lesser lot area and/or waterfrontage than required herein, existed prior to the date of passing of this bylaw, as amended from time to time, is held under distinct and separate ownership from an abutting lot or lots, or where such lot area has been reduced in area as a result of expropriation, such smaller lot may be used in accordance with the zone provisions applicable to that lot and a building or structure may be erected, altered or used on such smaller lot, provided that all other provisions of this bylaw are complied with.

4.7 ESTABLISHED BUILDING LINE

Notwithstanding the yard and setback provisions of this bylaw to the contrary, where a single, two-family or multi-family residential dwelling is to be constructed or reconstructed on a lot within a residential zone and where there is an established building line of dwellings on the same side of the street, such permitted dwelling may be constructed or reconstructed closer to the street line than required by this bylaw such that the yard or setback is equal to the average setback of buildings on the same side of the street, provided that such permitted dwelling is not located closer to the street line than the established building line existing on the date of passing of this bylaw, and further provided that the location of the said building will not be in contravention with the Highway Act, B.C. Reg. 174/70.

4.8 COMPREHENSIVE ZONE COVERAGE

For the purposes of this bylaw, all lands and properties shall be deemed to have a zone assigned to it, including unsurveyed Crown lands. Any lands or properties therefore not assigned a specific zone, either in the property database by property description, or on the map references, shall be deemed to be included in the Resource/Agricultural (RA 1) zone unless or until specified otherwise.

4.9 HOME OCCUPATION

Notwithstanding any other provisions of this bylaw to the contrary, a home occupation shall not be permitted in any zone unless such home occupation conforms to the following provisions:

- (a) the activity shall be confined to the interior of the principal dwelling;
- (b) the activity shall be clearly subservient and incidental to the use of the dwelling for residential purposes, and to the residential use of the lot on which the dwelling is located, wherein a home occupation may only be permitted ancillary to a permitted residential use, but not ancillary to a permitted non-residential use;
- (c) no alteration may be made to the external appearance of the property which indicates that a home occupation is being conducted on the premises, except for one

unilluminated sign not larger than 0.2 square metre (2.15 square feet);

- (d) there shall be no noise, vibration, dust, smoke, odour, heat, or traffic generation other than that normally associated with a dwelling;
- (e) there shall be no external storage or outdoor display of materials, equipment, or finished products;
- (f) there shall be no retail sales or commodities offered for sale, except for catalogue sales, or those products or commodities produced on the premises;
- (g) not more than 40% of the gross floor area of the residential dwelling shall be used for the home occupation use, up to a total maximum area of 75 square metres (807 square feet); and
- (h) no more than one person who is not a resident of the dwelling to which the home occupation is ancillary may be employed in the activity.

4.10 HOME INDUSTRY

Notwithstanding any other provisions of this bylaw to the contrary, a home industry shall not be permitted in any zone unless such home industry conforms to the following provisions:

- (a) the activity shall be confined to the interior of the principal dwelling or to the interior of an ancillary building;
- (b) the activity shall be clearly subservient and incidental to the use of the dwelling for residential purposes, and to the residential use of the lot on which the dwelling is located, wherein a home industry may only be permitted ancillary to a permitted residential use, but not ancillary to a permitted non-residential use;
- (c) no alteration may be made to the external appearance of the property which indicates that a home industry is being conducted on the premises, except for one unilluminated sign not larger than 0.2 square metre (2.15 square feet);
- (d) there shall be no noise, vibration, dust, smoke, odour, heat, or traffic generation other than that normally associated with a dwelling;
- (e) there shall be no external storage or outdoor display of materials, equipment, or finished products;
- (f) there shall be no retail sales of commodities offered for sale except for catalogue sales, or those products or commodities produced on the premises;
- (g) not more than 40% of the gross floor area of the residential dwelling shall be used for the home industry use, or a total maximum area of 75 square metres (807 square feet)

in either the residential dwelling or in an ancillary building. Notwithstanding this requirement, on lots of 0.4 hectare or greater, a total maximum area of 150 square metres (1,614 square feet) may be devoted to home industry use; and

- (h) no more than two persons who are not residents of the dwelling to which the home industry is ancillary, may be employed in the activity.

4.11 OCCUPANCY DURING CONSTRUCTION

- (a) Notwithstanding any other provisions of this bylaw to the contrary, a mobile home or a recreational vehicle may be used for occupation during the construction of a permanent dwelling on a lot provided that:
 - i) the occupancy shall not occur prior to the issuance of a building permit for the permanent residence, where applicable, and shall not continue beyond the commencement of the occupancy of the permanent residence;
 - ii) the siting of the mobile home or recreational vehicle meets the minimum lot line setback requirements of the applicable zone;
 - iii) the mobile home is erected on or anchored to a temporary foundation only, and no additions shall be made to the mobile home or recreational vehicle; and
 - iv) the method of sewage disposal has been approved by the Medical Health Officer.
- (b) In all zones, a temporary building, trailer and/or ancillary buildings may be used for the purposes of a construction site office, for security purposes, and for the storage of tools, equipment and materials for construction of the principal building(s), provided that:
 - i) the building or trailer shall be located so as not to cause a public hazard or nuisance;
 - ii) the building or trailer shall be located on the lot where construction is being undertaken and only for so long as is necessary for the work in progress and until the work is completed or abandoned; and
 - iii) a building permit has been issued for the principal building, where applicable, and, at the expiration of such permit, the building or trailer shall be removed.

4.12 BED AND BREAKFAST ACCOMMODATIONS

Notwithstanding any other provisions of this bylaw to the contrary, bed and breakfast accommodations shall not be permitted in any zone unless they conform to the following provisions:

- (a) the activity shall be confined to the interior of the principal dwelling, and may only be permitted ancillary to a permitted residential use, but not ancillary to a permitted non-residential use;

- (b) the dwelling unit shall be occupied by the owner or operator of the bed and breakfast establishment;
- (c) no more than two sleeping units to accommodate a maximum of four adult bed and breakfast guests shall be permitted in a dwelling unit; and
- (d) no alterations may be made to the external appearance of the property which indicates that a bed and breakfast establishment is being conducted on the premises, except for one unilluminated sign not larger than 0.2 square metres (2.15 square feet).

4.13 ROOMING AND BOARDING ACCOMMODATIONS

Notwithstanding any other provisions of this bylaw to the contrary, rooming and boarding accommodations shall not be permitted in any zone unless they conform to the following provisions:

- a) the activity shall be confined to the interior of the principal dwelling wherein detached "cabins" or "guest houses" shall be expressly prohibited, and may only be permitted ancillary to a permitted residential use, but not ancillary to a permitted non-residential use;
- b) the dwelling unit shall be occupied by the owner of the dwelling unit; and,
- c) not more than four (4) rooming and boarding guests shall be permitted in a dwelling unit.

4.14 ANCILLARY BUILDINGS, STRUCTURES AND USES

Ancillary buildings and structures shall only be permitted in conjunction with a principal use in any zone provided that:

- (a) ancillary buildings and structures do not include buildings and structures used for bona fide agricultural operations;
- (b) ancillary buildings and structures do not include a dwelling or a sleeping unit or a structure providing overnight accommodation;
- (c) ancillary buildings and structures include an attached or detached garage or carport, a storage shed, a workshop, a gazebo or a pumphouse, whereas the floor area requirements includes any additional stories or internal mezzanines;
- (d) the combined or gross floor area and maximum height of all ancillary buildings and structures permitted are calculated as follows:

B/L 4180

Property Size	Maximum Floor Area	Maximum Height
Less than 0.4 ha	200 square metres	5.0 metres

(0.99 ac)	(2,153 square feet)	(16.4 feet)
0.4 ha – 2.0 ha (0.99 ac – 4.94 ac)	250 square metres (2,691 square feet)	7.5 metres (24.6 feet)
Greater than 2.0 ha (4.94 ac)	300 square metres (3,229 square feet)	8.0 metres (26.2 feet)

B/L 4180

- (e) the maximum height for an ancillary building that is attached to a dwelling by a common wall and/or roofline, may be increased to the height of that dwelling.
- (f) no person shall construct or erect an ancillary building or structure on a lot unless a principal building exists on the lot, or unless a valid and lawful building permit has been issued or remains in effect, where applicable. Notwithstanding this provision, lake shoreland properties in the RL, RR 1, RR 2 and RR 3 zones may establish ancillary buildings or structures, including a garage, a carport, a storage shed, a gazebo, a porch, or a deck, without or prior to a principal building, provided that the combined floor area of all ancillary buildings or structures on the subject lot does not exceed a maximum of 75 square metres (807.3 square feet), and the maximum height of any ancillary building or structure does not exceed 5 metres (16.4 feet).

4.15 ACCESSORY DWELLING UNITS

- (a) An accessory dwelling unit means a dwelling unit which is ancillary to a permitted non-residential use and is occupied by either the owner, or by the family of a person employed on the lot where such dwelling is located, and may be situated above, behind, or beside as an attached unit, or in a detached building from the permitted non-residential use.
- (b) Accessory dwelling units are only permitted as outlined in Section 5 for each zone respecting uses permitted and zone provisions, provided there are no other residential dwelling units on the subject lot.

4.16 TEMPORARY DWELLING UNITS

B/L 4237

Notwithstanding any other provisions of this bylaw to the contrary, a temporary dwelling unit shall not be permitted in any zone, unless the temporary dwelling unit conforms to all the following provisions:

- (a) a temporary dwelling unit shall only be located on a lot which conforms to the minimum lot area requirements for a single-family dwelling unit in the R 1 and RL zones, and a two-family dwelling unit in all other residential and rural zones, where applicable, and must comply with the minimum setback requirements, for the zone in which it is situated;
- (b) a temporary dwelling unit may be permitted for compassionate reasons for elderly, handicapped, or chronically ill, family members, but is not intended to include a

community care facility as defined in the Community Care Facilities Act. Where permitted for compassionate reasons, the temporary dwelling unit is to be occupied only by persons:

- i) who are cared for or maintained by the resident owner of the subject property; or
 - ii) who are required to provide care or maintenance to the resident owner of the subject property; and
 - iii) for whom a physician has certified that such care or maintenance is necessary; and
 - iv) for whom the resident owner of the subject property has entered into a registered covenant as outlined in subsection (e) below;
- (c) a temporary dwelling unit, which may include a mobile or modular home, is located on or anchored to a temporary foundation only;
- (d) a building permit has been approved, where applicable, and approval has been obtained for sewage disposal and water supply by the relevant authority, in particular, by the Medical Health Officer, where community water and/or community sewer systems are unavailable;
- (e) the owner of the subject property has entered into a registered covenant in favour of the Cariboo Regional District in accordance with Section 219 of the Land Title Act to ensure removal of the temporary dwelling unit following discontinuance of the use in accordance with the conditions set out in subsection (b) above; and
- (f) not later than the 31st day of December in each year, the owner of the subject lot shall complete and return to the Cariboo Regional District Development Services Department a declaration stating that:
- i) the said temporary dwelling unit is still located on the lot and is still occupied in accordance with the conditions set out in subsections (b) or (c) above; or
 - ii) the said temporary dwelling unit has been removed from the subject lands.

B/L 4237 **4.17 TEMPORARY ACCOMMODATION**

No Temporary Accommodation is permitted in any R 1, R 2, R 3, RL, RL 2 or RR 3 zone except for Bed and Breakfast Accommodations or Rooming and Boarding Accommodations where specifically permitted in the applicable zone.

4.18 HEIGHT AND YARD EXCEPTIONS

- (a) Notwithstanding any other provisions of this bylaw to the contrary, the maximum height requirements shall not apply to a chimney, a farm building for a bona fide agricultural operation, a church spire or belfry, an electrical transmission tower, a radio or television antenna, a satellite dish, a flag pole, a clock tower, a windmill, an elevator or ventilation machinery, or a public utility building or structure, including a

monument, a water tower, a fire hose drying tower, or an observation tower.

- (b) Notwithstanding any other provisions of this bylaw to the contrary, where roof overhangs, chimneys, bay windows, cantilevers or ornamental features project beyond the face of a building, the minimum distance to an abutting lot line as permitted elsewhere in this bylaw may be reduced by not more than 0.6 metre provided that such reduction shall apply only to the projected feature.
- (c) Notwithstanding any other provisions of this bylaw to the contrary, where steps, or where unsupported eaves, canopies or balconies project beyond the face of a building:
 - i) the minimum permitted front yard or exterior side yard requirement may be reduced by not more than 2 metres; and
 - ii) the minimum permitted interior side yard or rear yard may be reduced by not more than 50% of such minimum distance, to a maximum reduction of 2 metres, provided that such reduction shall apply only to the projected feature.
- (d) Notwithstanding any other provisions of this bylaw to the contrary, the interior side yard and rear yard setback requirements shall not apply to a clothesline pole, an on ground surface patio, or an open deck where the open deck is not elevated more than 0.2 metre (0.66 feet) above on-ground surface. Furthermore, the minimum permitted interior side yard or rear yard may be reduced by not more than 50% of such minimum distance for a barbecue or satellite dish.

4.19 MINIMUM LOT AREA EXCEPTIONS

- (a) Minimum lot area requirements shall not apply:
 - i) where the lot is intended for public use, including public utility buildings and structures, parks and playgrounds as well as outdoor recreational facilities of a non-commercial nature, museums and historic sites, cemeteries, refuse disposal sites, extraction of raw materials from the land, trapping and guide camps except main lodges, and temporary construction, exploration or logging camps;
 - ii) where lot lines are relocated to facilitate an existing development or improve a subdivision layout provided that no additional lots are created, all parts of all lots are zoned the same and physically contiguous, and no lot is enlarged to a size permitting further subdivision unless each lot included in the boundary revision is of an area large enough to satisfy the size requirements applied to the subject lands; or
 - iii) where an existing multi-family residential dwelling that was lawfully established and is properly zoned is converted to a strata parcel pursuant to the Strata Property Act, provided that the number of strata parcels being created does not exceed the number of dwelling units permitted on the original parcel, and each proposed strata parcel contains an existing dwelling unit within its area.

B/L 4180

- (b) The minimum lot area requirements may be reduced by the amount of land required for road widening or relocation purposes, to a maximum of 10%, where the Subdivision Approving Officer requires that land be provided by the owner for highways when:
 - i) the land is required for the purpose of widening an existing highway or right-of-way;
 - ii) the proposed subdivision would create less than three parcels; and
 - iii) but for this section, the proposed subdivision would be otherwise prohibited because the lots created would not attain the minimum lot area required herein.

B/L 4180

- (c) Where land is subdivided under the Strata Property Act in any commercial or industrial zone, or in the RS 1, RS 2, RL or RR 3 zones, except for a mobile home park which requires approval in accordance with the Cariboo Regional District Mobile Home Park Bylaw, lot areas may be reduced to half the minimum lot area for that zone on the basis of a density of one dwelling unit per minimum allowable site area for that zone, providing that either 50% or a corresponding amount of the entire subject lot remains unsubdivided and kept as common area or as open space areas, and restricted from further subdivision by way of registered covenant in favour of the Cariboo Regional District in accordance with Section 219 of the Land Title Act.

4.20 OFF-STREET PARKING AND LOADING SPACE REQUIREMENTS

In all zones, off-street parking spaces and areas shall be provided in accordance with the following requirements:

- (a) Required off-street parking spaces shall have a minimum width of 2.8 metres (9.19 feet), and a minimum area of 17.08 square metres (183.85 square feet), whereas off-street parking areas shall require a minimum isle widths of 4.6 metres (15 feet) for single-loaded parking areas and 7.9 metres (25.9 feet) for double-loaded parking areas. Notwithstanding the above, handicapped parking spaces, where required in accordance with the BC Building Code, shall have a minimum width of 4.0 metres (13.12 feet), and a minimum area of 24.4 metres (262.65 square feet).
- (b) Required off-street loading spaces shall have a minimum width of 4 metres (13.1 feet), a minimum length of 9 metres (29.5 feet), and a minimum clearance height of 5 metres (16.4 feet).
- (c) The required off-street parking and loading spaces shall be located on the same lot as the building or use requiring the off-street parking and loading spaces.

- (d) When a building or structure accommodates more than one type of use, the off-street parking and loading space requirements for the whole building shall be the sum of the requirements for the separate parts of the building occupied by the separate types of use.
- (e) The number of off-street parking and loading spaces for motor vehicles is calculated according to the following table where the first column identifies the class of building or use, the second column identifies the required off-street parking spaces, and the third column identifies the required loading spaces:

Table 1 - Required Parking and Loading Spaces

Class of Building or Use	Required Parking Spaces	Required Loading Spaces
Residential: - one- or two-family dwelling - multi-family dwelling	- 2 per dwelling unit - 1.5 per dwelling unit	- N/A - N/A
Commercial (Retail): - convenience, grocery or general store; retail store; service shop, etc.	- 4.4 per 100 square metres of gross floor area	- 1 for the first 500 square metres, 2 for the next 2,000 square metres, then 1 for each additional 2,500 square metres
Commercial (Office):	- 2.8 per 100 square metres of gross floor area	- as per Commercial (Retail) requirements
Commercial (Other): - motel, lodge, resort - hotel, lounge - neighbourhood pub - restaurant - recreational facility	- 1 per sleeping or housekeeping unit; 13.3 per 100 square metres of gross floor area in the café, restaurant, lounge or pub; 6 per golf green; 1 per 20 square metres of gross floor area for banquet facilities	- as per Commercial (Retail) requirements
Industrial: - service commercial / light industrial uses; - general industrial uses; - heavy industrial uses.	- 1.5 per 100 metres of gross floor area; - 1.5 per 100 metres of gross floor area; - 1.3 per 100 metres of gross floor area	- for all industrial uses, a minimum of one space per tenant, plus an additional space per tenant for every additional 1,400 square metres of building area to serve that tenant.
Institutional: - church - hospital / medical clinic - community hall / library - school	- 1 per 4 seats - 1.8 per bed - 1 per 3 seats plus 1 per every 10 square metres - 2 per classroom	- N/A - 1 per 40 beds - 1 per 100 square metres - 1 per 300 square metres
Miscellaneous: - accessory or temporary dwelling unit - bed and breakfast / rooming and boarding - home occupation / industry	- 2 spaces per dwelling unit; 1 per sleeping unit; 1 per non-resident employee, plus 1 per 25 square metres of home occupation / industry use	- N/A

4.21 FARM RETAIL SALES

Notwithstanding any other provisions of this bylaw to the contrary, farm retail sales shall not be permitted in any zone unless located on a property in use for a bona fide agricultural operation and is in conformance with the following:

- a. 100% of the retail sales floor area is to be devoted to raw or processed farm products. A minimum of 50% of that area must be devoted to the sale of products that have been reared or produced on the farm.
- b. The retail sales area shall not exceed 150 square metres (1,614 square feet) for both indoor and outdoor areas.
- c. No farm retail sales shall become or create a nuisance to the surrounding residents or general public by reason of unsightliness, odour emission, liquid effluent, waste material, dust, vibration, noise, electrical interference, fumes, smoke or glare.
- d. The parking of vehicles in connection with the farm retail sales shall take place on the parcel used for the sales.
- e. There shall be no external storage or outdoor display of farm retail products unless appropriately screened to the surrounding residents.
- f. No alteration may be made to the external appearance of the property which indicates that farm retail sales is being conducted on the premises, except for one unilluminated sign not larger than 1.5 square metres (16.15 square feet).

This section does not exclude individuals from the requirements of provincial and/or federal legislation.
